

MINISTER'S WORD FOR THE WEBSITE.

Producers and stakeholders in the Livestock, Fisheries and Animal Industries sector, Let's produce more and better, and invest more.

It's true that experience in our field can seem difficult at first, and sometimes complicated later on, but let's face it, it's always great, beneficial and satisfying in the end.

Let's put our efforts, our energy, our resources, our time and our talents into supporting, to the best of our ability, the vision of the President of the Republic, Head of State, through our NDS30 objectives:

- ✓ The increase in productivity, production and competitiveness through the promotion of animal and fish processing industries,
- ✓ The development of both human capital and the working environment,
- ✓ The promotion of the import-substitution policy, in order to guarantee food security, and reduce Cameroon's dependence on imported products.

Dr. TAÏGA

*Minister of Livestock,
Fisheries and Animal Industries*
